GOVERNMENT TELEPHONE POLICIES

CALL SCREENING

With the exception of calls to Ministers and Deputy Ministers, telephone callers shoud not be asked their identity.

CALL INTERCEPT

In no case should a caller have to go through more than one secretary (answer position) to reach the person called.

CALL TRANSFER

- Transfer calls only when necessary and be sure the caller is willing to be transferred.
- Explain why the transfer is necessary, and give the caller the name of the person or office with whom he will be speaking, if possible. If, however, the caller prefers to re-dial then he should be given the direct-in-dialing number — where applicable.
- Don't transfer calls if you aren't sure with whom the caller should speak.
- If you are unable to make the correct transfer, take the name and number and call back when you have the correct information. (In the event the recipient of the call has no idea, whatever, of where the caller should be directed, the call should be transferred to the Central Switchboard.)
- You may transfer incoming calls which have been direct dialed or connected through the Queen's Park telephone system. YOU CANNOT TRANSFER INTERNAL CALLS. Tell the person you are transferring the call; then MOMENTARILY DEPRESS THE TELEPHONE CRADLE BUTTON, OR HOOK SWITCH ONCE, RELEASE, AND WAIT FOR THE OPERATOR TO ANSWER. Ask the operator to transfer the call by giving her the last 5 digits of the desired local.

DIRECT-IN-DIALING

The Government's telephone system in Toronto, and in certain other centres in the province, is designed so that callers can dial directly through to your telephone. In this way they can be served most efficiently and with the greatest satisfaction. For this to work, however, callers must know your telephone number or the number of your office. Remember, therefore, to publicize your number — where those who call you will see it. This includes: letterheads, business cards, pamphlets, newspapers,

Bell Telephone Directories, Government Directories, and similar publications and materials. Also, don't forget to notify your callers of a change in number whenever one occurs.

LONG DISTANCE CALLING

The use of the Inter-City Network and regular long distance services is governed by the following directives:

The Inter-City Network is a voice communication service provided between Toronto and designated Ontario centres for the conduct of government business. The Network is only to be used by staff of Government of Ontario ministries and approved agencies, as well as Members of the Provincial Parliament.

Long distance should only be used in cases of immediate urgency or if a locality is not covered by the Network. When calling via long distance, always use direct distance dialing (DDD) — the most economical method. When it is necessary to place person-to-person, collect, third number billed and credit card calls, Bell operator assistance is required. These calls incur much higher costs than direct distance dialing and should be avoided unless absolutely necessary. All operator assisted calls, including overseas calls, can be dialed by the caller within Toronto and vicinity. Instructions on how to dial your own calls are provided in the Bell Canada Metropolitan Toronto Telephone Directory.

Personal long distance calling should NOT be made from government telephones. If this is unavoidable, the call should be placed through the long distance operator and charged to the caller's residence number. Failing this, a record of the call must be kept and the employee must reimburse the Treasurer of Ontario for the cost of the call.

GOOD TELEPHONE AND CUSTOMER SERVICE

Here are a few good telephone habits and techniques that will help you to provide the public with efficient and courteous telephone service:

WAYS TO IMPROVE YOUR TELEPHONE PERSONALITY

Be alert — show interest in the person calling. You don't turn away when meeting a person face to face . . . you shouldn't do it on the telephone.

Be natural — be yourself.

Be pleasant — friends can be made or lost on the telephone.

Be distinct — use clear, distinct speech. Don't make the caller strain to understand you. Don't speak too loudly or too quickly. It doesn't matter how friendly you are, if the caller is unable to understand you.

Don't rush — if you rush callers, they feel that they are being given the brush off.

PLACING CALLS

Make sure the line is not already in use. Check the number, dial carefully. Mistakes waste time.

Place your own calls and stay on the line. Be ready to greet your party; it avoids delays and resentment and demonstrates courtesy and respect to the person you are calling.

Give the person you are calling time to answer — at least five rings. It may save calling back later.

When the number called is answered, identify yourself, don't make the called person guess or ask.

RECEIVING CALLS

Answer promptly; it indicates efficiency.

Identify yourself and your office or the phone you are answering. If a caller has to ask who you are, then your response was inadequate.

Let the caller hang up first to make sure you don't miss any additional information.

Central answering positions should identify the name of your ministry or agency and office.

HANDLING COMPLAINTS

Your voice and manner should indicate to the caller that you are genuinely concerned and wish to provide assistance.

Don't interrupt. Listen carefully and then repeat the problem in your own words.

Ask relevant questions to ensure that you fully understand the problem. Ask for the caller's solution.

Describe your solution clearly and obtain agreement.

If you cannot resolve the concern, take the caller's name and number and involve the proper personnel.

ANSWERING SOMEONE ELSE'S PHONE

Identify the telephone line and yourself.

Take the message and make sure it is promptly relayed to the person called.

Don't offer information about which you are not sure — you might be wrong.

TAKING MESSAGES FOR OTHERS

When taking messages for another person, make complete notes, including:

- the caller's name (spell it correctly)
- the caller's firm, ministry or agency
- the caller's phone number (including Area Code if different from your own)
- date and time the call was taken
- your name

If it is necessary, briefly double check the information with the person calling. You will find that a pad of "Telephone Call' forms near your phone makes message-taking easier.

HANDLING CALLS FOR OTHERS

In handling calls for others always be informative, courteous and interested.

Always offer the caller your help or assistance.

If the caller wishes to wait on the line, don't keep the person waiting too long — a few seconds can seem like hours. Reassure the caller every 30 seconds that they haven't been forgotten.

RETURNING CALLS

Return all calls promptly.

Treat every message as an important call. If the public and fellow workers feel they are getting sincere, personalized attention, rather than routine consideration, they will have more confidence in you, and in your ministry or agency.

LEAVING YOUR TELEPHONE

When you are going to be away from your phone, leave word with someone — answering position, secretary, supervisor or fellow worker. Mention where you will be and when you plan to return. It's a thoughtful thing to do and it can help you be reached quickly if the need arises.

LEAVING A LINE

If it is necessary to leave the line during a call, explain the reasons to the caller and excuse yourself. When you return, thank the caller for holding the line. If the wait will be longer than one minute, offer to return the call.

TERMINATING CALLS

As the conversation ends, thank the caller before you say goodbye.

FOURTEEN POINTS TO REMEMBER

1. Answer promptly
2. Identify yourself
3. Do not ask the identity of callers before passing calls to others (with the exception of calls to Deputy Ministers and Ministers)
4. Transfer calls properly and only if:
   - You are sure of the extension number
   - The caller is willing to be transferred
5. Place your own calls
6. Leave a message when you leave your telephone
7. Keep pad and pencil handy
8. List frequently called numbers
9. If you leave the line explain why
10. Indicate you understand the caller's needs
11. Be courteous and helpful at all times
12. Telephone others as you'd be telephoned
13. Advertise your direct-in-dialing number
14. Use the Inter-City Network for calling points which it serves, not regular long distance.

HOW TO HANDLE INQUIRIES FROM THE PUBLIC

The Government of Ontario listings in the Bell Canada Directories are designed to help the calling public communicate with the proper program, branch or function that will satisfy their inquiries. The Government's new Access Program features the provision of substantial new functional toll-free telephone listings which now appear in all Telephone Company Directories throughout the Province. As well as individual program and ministry listings, this will include a general enquiry number. This should make it easier for the public to communicate with the Government by telephone. If, however, a caller reaches you and you are unable to help them after referring to the Government Telephone Directory and/or the KWIC Index, transfer them to the Queen's Park Switchboard at 965-1191. If in your judgement a complex inquiry is involved, transfer them to the Citizen's Inquiry Bureau at 965-3535.

CITIZEN'S INQUIRY BUREAU

The Citizen's Inquiry Bureau of the Ministry of Culture & Recreation assists in making the Ontario Government more responsive to requests from individual citizens who may have difficulty in obtaining government information or assistance. The branch (416) 965-3535 supplements existing channels of communication between citizens and the government. The Kwic Index to the Government of Ontario is a companion reference directory to the Ontario Government Telephone Directory and is available from either the Ministry of Government Services Publications Service, 5th Floor, 880 Bay Street, Toronto, M7A 1N8 or the Ontario Government Bookstore, 880 Bay Street at Grosvenor, Toronto (Price — $4.00 + .28¢ tax.)

TELEPHONE AND DIRECTORY COORDINATORS

Each ministry or agency has designated an individual as a Telephone Coordinator. This person's principal task is to coordinate the handling of all requests for telephone and intercom services, but also includes the responsibility for supplying government and municipal directories and for updating directory and switchboard information listings.

The role of these coordinators involves liaising with the Ministry of Government Services for the provision of these services. In the event your Telephone Coordinator is unavailable, additional information or assistance may be obtained directly from the Telecommunication Services Branch at 5-1414.

COMMERCIAL STANDARDS PROGRAM

This program consists of five activities that provide for the regulation of financial and commercial affairs to promote a high level of ethical business conduct responsive to the needs of the buyer in the market place. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licencing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms.

In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to the matters of licencing under various acts administered by the Ministry.

Frequently Called Numbers

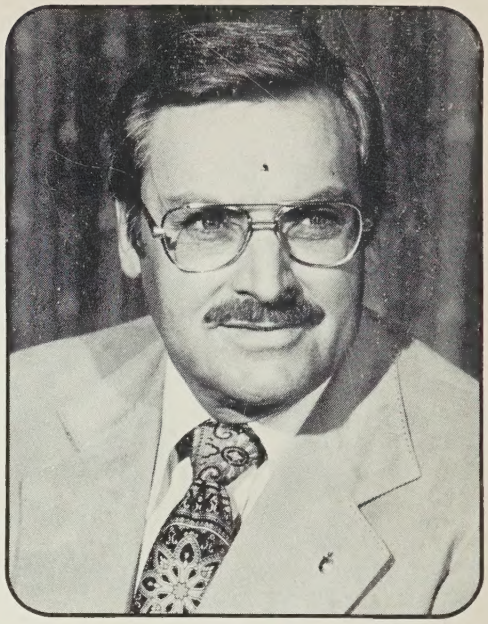
Name	Address	Telephone No.

It is a pleasure for me to present this new edition of the Government of Ontario Telephone Directory.

The Directory is perhaps the most used of all the documents issued by the Province. Updated twice yearly, it is indispensable to inter-ministry communications and is of assistance to the increasing number of the general public who purchase copies for their dealings with Government ministries and agencies.

The Ministry of Government Services and the various ministry co-ordinators who assist in this production, endeavour to improve its usefulness with each new edition.

If you have any suggestions for improvement of the Directory, I hope you will send them to me.



The Honourable Douglas J. Wiseman
Minister of Government Services
